[2] Roundtable Sessions, 26 August 2020, 14:00-17:00

In three parallel sessions, the ESRs discuss their research with each other and Senior Researchers. As a preparation, the ESRs either provide paper drafts or 15-minute audiotaped presentations, depending on the state of progress of the research projects that they want to discuss. The ESRs send their paper drafts or presentations to info@etn-occam.eu no later than 31 July 2020. The other ESRs and Senior Researchers read the drafts respectively watch the presentations and prepare questions, comments, and suggestions for the roundtable discussions. The Lead Senior Researchers will moderate the sessions and schedule breaks as needed. The discussions should take approximately 30 minutes per ESR.
